Experience

CodSoft

Working as an internee at CodSoft has been an immersive journey, where I've applied classroom knowledge to real projects. Currently contributing to java programmer, the experience has been a dynamic blend of technical growth and collaborative learning. Thriving in the fast-paced environment, I look forward to further contributions and learning opportunities at CodSoft.

Applied theoretical concepts in a class project, showcasing Java OOP. Achieved best outcomes, highlighting independent and team-based problem-solving. Enhanced understanding of in java.

Starting web development made simple projects ,
Like : UltraEdit, Netflix, spotify clones.
